REPORT KIDNAPINGS, BEATINGS

(By United Press)

CHICAGO, April 10.—A machine gun primary, following a "pine-apple" campaign, failed to discourage Chicago voters today and at noon a record total of ballots seemed possible, despite reports of intimidation, violence, kidnappings and irregularities at the polls.

Candidates and voters alike suffered at the hands of hoodlums. Reports that gangsters with machine guns were making tours of the hotly contested wards came in before noon.

Seward Station of Belief Radio Sending Set Is Out of Order

(By United Press)

SEWARD, Alaska, April 10.—Radio operators at the army station here were on constant watch throughout the night and today for signals from Capt. George Wilkins, at Point Barrow.

Wilkins and his companion, Lt. Carl B. Eielson, who were preparing at Point Barrow for a flight across the north pole to Spitzbergen, have not been heard from for six days.

Their long silence was unaccounted for except on the possible explanation that their radio had broken down.

At Kotzebue is located the radio station nearest to Point Barrow, which is many hundreds of miles from the nearest telegraph or cable station.

Voting Marked By Upsets In Various Cities

Fall Drove As Hard Bargain As Possible, Attorney Tells Jurors

ANTI-ADMINISTRATION forces enjoyed a sweeping victory at Newport Beach in the municipal election held yesterday, every candidate of the opposing faction winning. Various upsets were reported in the 11 other sixth class communities holding elections.

Voters of La Habra voiced their opposition to the proposed purchase of the La Habra Domestic Water company in no uncertain terms.

In Anaheim, where the two administration candidates were opposed by two men representing an opposing faction, each side elected a candidate. Both administration candidates were elected by big majorities.

Write-In Campaign

The Laguna Beach election was featured by a write-in campaign, three candidates receiving votes by this method. Fifteen candidates were in the field for the five places on the city council. Councilmen of Huntington Beach will receive more pay as a result of the election, voters approving a raise in salary from \$85 per month to \$50.

Citizens of Tustin apparently went on the theory that votes weren't necessary, anyway. The incumbents were the only candidates and only 27 persons voted.

Anti-Administration Group In Overwhelming Victory

NEWPORT BEACH, April 10.—Anti-administration candidates were placed in every elective city office here yesterday in one of the most sweeping victories ever recorded in a city election. The hot contest, developed into a landslide for the candidates who had voted themselves as opposed to the policies and actions of the

ANTI-ADMINISTRATION FORCES VICTORIOUS AT NEWPORT POLLS

Sinclair Will Base Defense On War Scare

BY HERBERT LITTLE
United Press Staff Correspondent

WASHINGTON, April 10.—Harry F. Sinclair will rely on a "Pacific war scare" to aid in acquitting him of conspiring to defraud the government of Teapot Dome naval oil reserve, his counsel indicated as trial arguments opened today.

Albert B. Fall, then secretary of the interior, granted him the Teapot Dome lease in 1922 at navy department suggestion, after Adm. J. K. Robison, of the navy general board, said there was "menace from the east," according to Sinclair's attorney, Daniel Thew Wright.

Robison advocated storing up huge supplies of battleship fuel oil for emergency in which "guns might boom forth against an Oriental enemy," and he wanted a pipe line from the Wyoming fields to the east, Wright said.

Fall Drove Hard Bargain

With this in mind, Wright declared Fall granted the lease to Sinclair, who built the pipe line. Fall drove as hard a bargain with the oil man as he could, Wright said, and at one time Sinclair threatened to withdraw from the deal because its terms were so strict.

"The war scare" issue had been raised previously, but actual evidence that such a menace existed never had been presented.

Wright frankly admitted, on Sinclair's behalf, that the oil man had paid \$233,000 to Fall shortly after the Teapot Dome lease was signed, but he said this money was to pay for a third interest in Fall's 100,000-acre New Mexico ranch property.

Owen J. Roberts, government attorney, opened the argument by declaring the \$233,000 payment the most important item for the jury's consideration. He said the secrecy attending the transfer of this money—all in Liberty bonds, indicated it was not a legitimate business

JULIAN OIL CASE NEARS CONCLUSION

LOS ANGELES, April 10.—After three months of testimony and legal bickering, prosecution attorneys announced today that they were preparing to close the case against 19 defendants charged with wrecking the Julian Petroleum corporation.

When the state rests, Superior Judge Doran is expected to rule on the motion of District Attorney Keyes for dismissal of charges against three of the defendants, E. H. Rosenberg, C. E. Reese and Louis Berman, brother of Jack Bennett, who is charged with having organized the pool loans which led to the collapse of the oil company.

The defense, it is estimated, will take another three months in presenting its case.

MEAD REPORT ON DAM BREAK BLAMES DEFECTIVE FOUNDATION FOR DISASTER

LOS ANGELES, April 10.—The failure of the St. Francis dam, March 13, was due to the washing away of the conglomerate foundation under the west wing, city council's investigating committee reported today.

The committee, composed of Dr. Elwood Mead, of the U. S. reclamation service; Louis C. Hill and Gen. Lansing Beach, found no further factor which might have contributed to the disaster which claimed more than 300 lives in the Santa Clara river valley.

The following conclusions were reached by the experts after first hand examination of all evidence.

1. The type and dimensions of the dam were amply sufficient if based upon suitable foundation.
2. The concrete of which the dam was built was of ample strength to resist the stresses to which it would normally be subjected.
3. The failure can not be laid to movement of the earth's crust.
4. The dam failed because of defective foundation.
5. This failure reflects in no way upon the stability of well designed gravity dams, properly founded on suitable bedrock.

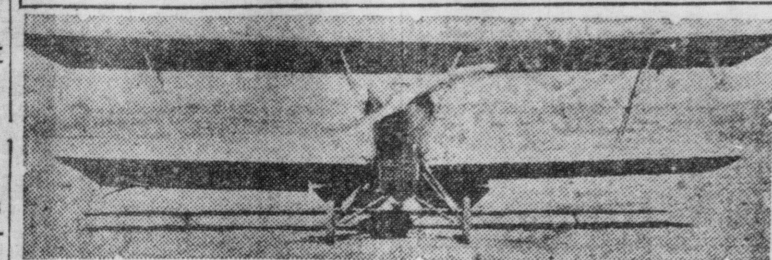

The report followed the same general lines as that made by the committees appointed by Governor Young and District Attorney Asa Keyes.

"The affluere apparently occurred in this manner," the report read. "The first leak, however started, began under the concrete at that part of the dam which stood on

40-Foot Wave Rages Down Connecticut Valley as Dam Breaks

(By United Press)

WELLS RIVER, Vt., April 10.—Flood water, released by the breaking of 30-foot dam between Dalton, N. H., and Gilman, Vt., spread down the Connecticut river valley today, menacing farms and homes in its path.

When the dam, its foundations weakened by the pounding of ice cakes, went out, a wave 40 feet high went down the valley.

The water spread out as it sped south and early today had reached East Ryer Gate, 30 miles down, where the river threatened to leave its banks.

It was feared serious damage might have been done at Lunenburg, a few miles below the dam. Telephone service was disrupted and definite news was delayed. Farms dot the valley below the dam.

AGED MURDERER BELIEVED INSANE

LOS ANGELES, April 10.—Sixteen-year-old Louis Friedman, cigar store clerk, died here today from bullet wounds inflicted last night by Newell Linville, 64, of San Francisco.

According to police reports, Linville stepped out of a crowd at a downtown corner to fire five bullets into Friedman's body.

After shooting and fatally wounding Friedman, Linville started to walk away, but he was captured and held for police by pedestrians.

Linville told questioners he spent three years in Patton asylum more than 25 years ago, having been committed from San Bernardino.

Officers said Linville would be charged with murder today and it was held likely he would be given a sanity hearing.

SLEUTH CHIEF HELD ON LIQUOR CHARGE

LOS ANGELES, April 10.—Capt. Charles M. Knowles, head of the Hollywood detective bureau, was under suspension today following his arrest by federal prohibition agents on a charge of transporting liquor. He will be given a hearing before U. S. Commissioner Head, on April 12.

Knowles was arrested when a gallon of contraband was found in an automobile which he occupied with W. E. Forbes. Since he was on official duty when he was taken into custody, Knowles was suspended immediately.

The Hollywood detective chief declared he would be able to prove his innocence of the charge.

REGISTER CONTRACTS WITH EDDIE MARTIN TO DELIVER LATE DAILY SPORTS PAPER

Speedy Transportation Will Bring News To Readers Within Few Minutes Of Actual Occurrence

INNOVATION IN THIS COUNTY

THE LATE five o'clock baseball and stocks Green edition of The Register will be delivered regularly by airplane in Orange county, beginning Wednesday night. A contract was made on Monday afternoon between The Register Publishing company and Eddie Martin, of Martin's airport, for the regular airplane delivery of The Register's late edition, containing baseball, late sports and the latest news to Costa Mesa, Huntington Beach, Newport and Laguna Beach, Dana Point and San Clemente. At the same time the papers will be sent to the other nearby points by automobile.

This will be the first time in the history of Orange county when papers ever have been delivered by airplane and The Register will be among the few papers of the country that have any regular airplane service.

As soon as the papers leave the press they will be quickly collected into bundles, thoroughly wrapped and tied, loaded into an automobile and hurried to the Martin field, at the foot of South Main street. There each day the "Eagle Rock" plane will be waiting to receive them and it will immediately take off for Costa Mesa, which will be the first point for the release of papers. It will continue on to Huntington Beach and drop its bundles there, and then to Newport and Balboa, then continue on its way to Laguna Beach, and Dana Point, San Clemente, back through Capistrano, returning to the landing field.

Eagle Rock Plane

The airplane which will be engaged in this service is an Eagle Rock, manufactured in Denver. It is one of the newer types of ships and is built more or less along standard lines, to sell at a price. The Martin airport now is the agency for the Eagle Rock airplane. The ship to fly the "Five O'clock Baseball" of The Register possesses unusual flying qualifications. Keeping in strict harmony with advanced flying, the Eagle Rock has a landing speed of 34 miles. With dual control and double cockpit, it carries two passengers besides the pilot. It has a climbing speed, with full load, of 514 feet per minute and ceiling, or maximum height, of the Eagle Rock, powered with the Curtis OX 5, with full load, is 11,500 feet, while, with the pilot alone, it can go to a height of 15,700 feet. It is a two-span job and has a total wing area of 330 square feet. The scientific design in construction of the Eagle Rock brings forth every known improved safety factor.

It is a beautiful model, finished

SEARCH FOR YOUTH TURNS TO SEATTLE

LOS ANGELES, April 10.—Search for 9-year-old Walter Collins, missing from his home here since March 10, turned to Seattle today.

Local officials learned the youth did not know his father, W. J. C. Collins, was in Folsom penitentiary, but instead believed his parent was living in the northern city.

It was pointed out that this false impression might have led young Collins to attempt to reach his father in Seattle.

Chief of Police Burge, of Burbank, told local officers that a boy about the age of young Collins had been loitering around the Santa Maria oil fields for the last several days.

WALES--WELL, YOU KNOW REST OF IT

FLAGMOOR, DERBYSHIRE, England, April 10.—The Prince of Wales fell twice in one race in the High Peak hunt here today, but remounted his own Miss Gris and finished fourth. The falls were the twenty-fifth and twenty-sixth of his career.

The Prince of Wales started well and was among the leaders clearing the first fence on the difficult three and a half mile course. He fell at the second fence, but remounted Miss Gris and picked up lost ground.

He fell the second time at the sixth fence and again remounted but he had lost too much time to finish among the first three.

The anti-administration candidates were elected on a "clean house" program and many changes are expected in the various city departments in the near future. The recall matter is now before the courts.

Only one of the four propositions on the ballot carried. The proposition to decrease the city advertising fund from 15 cents on the \$100 assessed valuation to 10 cents on the \$100 assessed valuation was approved by the voters. The vote was yes, 461; no, 385.

Bowen was next with 799 and E. G. Conrad received 774 votes. C. R. Furr, city clerk, and Joseph Vavra, city treasurer, were reelected without opposition. Catching, who ran on a platform of no restrictions for drilling, had 467 votes. Ross D. Brown trailed the ticket, receiving only 179 votes. It is expected that the new councilmen will give the city of Huntington Beach an economical

and progressive business administration.

Administration, Opposition Split In Anaheim

Miller, incumbent, secured 1513 votes and Jacob Lakeman, representing forces said to oppose the administration, secured 1486 votes. Weeks pass. It is late afternoon. Guido Petti, the great foreign music master, and Betty, are in the studio alone.

The lesson is over. They sit in the half-light together, while the caressing sound of Guido's voice holds Betty in a kind of spell.

Herbert: (drawing her to him) So beautiful, so talented you are. Soon we shall go abroad—just you and I. If you are ready we could leave at once.

Betty: (her head whirling) But—my husband—Guido: Your husband! Bah! What does he know of your desires? So young you are—so lovely—

The next moment he has clasped her in his arms—kissing her with a fierce passion she is powerless to resist.

Betty: (throwing herself upon him) Stop, Herbert! You don't know what you're saying. I swear—

Herbert: (flinging her aside) I'm through with you. You are no longer my wife. I should have killed you as you lay in your lover's arms. Take what you want and get out—and do it quick.

"This slide was followed by others, causing the undermining of the east end of the dam. The sequence of failure is uncertain.

"With the undermining of the dam on both sides, section after section failed, leaving only the central section in place."

The opinion that the west side of the dam failed first was based on the fact that the foundation on that side was the weakest, me report said.

The entire findings, it was said, would be presented to the coroner's jury this afternoon. At a morning session of the inquest, R. R. Proctor, engineer, testified that it was his belief that a major earth movement caused the dam failure.

A WORD OF COMFORT
If fears haunt your days and questionings disturb your nights, if you are secretly faint and timid when you try so hard to appear courageous and strong, realize that what you need is a closer touch with the God of the ages.
No one else is sufficiently bigger and stronger than you to meet your need.
He will restore your confidence in yourself and rouse the latent strength within you to do your duty like a man. He will revive your consciousness that Paradise is just "the next room."

Local Briefs

Sheriff's officers were, last night, asked to search for Edward Baker, 18-year-old son of Oscar Baker, 1038 West Second street, who is reported missing from his home. The youth is described as being five feet, five inches in height, weighs 135 pounds and when last seen was wearing blue overalls and a brown sweater.

Dr. and Mrs. Edmund Mills recently enjoyed visits from Mr. and Mrs. George Barnes, Mr. and Mrs. Walter E. Barclay, Dr. and Mrs. Edward Hommel and daughter, and Mr. and Mrs. George Darius Kirtland, all of Syracuse, N. Y., the old home city of Mr. and Mrs. Mills. All of the visitors are enthusiastic rosarians and all are well pleased with Southern California, according to Dr. Mills. Dr. Mills says that some of them have decided to make their future home on the coast.

Cooperation on the part of the public in general in finding hour, day or permanent work for their applicants was asked today by the Orange County Public Welfare department and persons knowing where positions can be obtained, are asked to telephone No. 3000 and ask for No. 7, Mrs. Carrie Leebrick, head of the department, said that applicants were far more numerous than positions at present.

NO WORD RECEIVED FROM POLAR FLYERS

(Continued From Page 1)
army radio operators here early last week that they would be ready for the takeoff on the perilous flight across the vast polar ice sheet on Thursday.

Then came a message on Wednesday that the weather was cloudy and a storm was brewing above the Arctic circle, making it inadvisable to get away on Thursday.

Since then there has been no further word from Point Barrow, although the army radio men have been on almost constant duty in the hope of picking up signals from Wilkins.

At the hours agreed on for him to broadcast each night, radio sets of Alaskan packing companies and amateurs were tuned in on Wilkins' wave length, but without results.

Radio men generally expressed the opinion that Wilkins had not taken off on the flight and that his silence was due to trouble with the radio set.

The possibility was pointed out that the gasoline engine used to generate power for the radio set while on the ground had broken down.

In that event it will be impossible for Wilkins to communicate with the army station here until he is in the air and the air driven motor generates power for radio sending.

Point Barrow is located on the northernmost tip of the Alaskan peninsula and can only be reached at this time of year by airplane or the long overland journey by dog sleds.

AIRPLANE WILL CARRY REGISTER 'GREEN' EDITION

(Continued From Page 1)

in silver lacquer, and has a cruising range of 464 miles. The fuel consumption permits 10.3 miles per gallon.

Martin stated that it will take approximately one hour to make the trip to the cities receiving the "Green Baseball."

Best Service Possible

This additional service will insure the reaching of every point in Orange county with the final baseball score within a very few minutes following the final "out" anywhere on the coast. It is the best service which could possibly be devised and it unquestionably will be appreciated by the people of the entire county.

This service also emphasizes the dependability of the airplane. It is coming more and more into general, regular and constant use. Frank Burke, publisher of The Register, said today, in respect to the plan:

"I have undertaken this plan in order to make complete the newspaper services of the day for The Register. It will insure the people of the outside points, as well as those within a few miles of The Register office, as timely and as complete service as if they were simply around the corner from The Register office."

"I have negotiated with Mr. Martin because of the reputation he has and of the location of his field. I knew that Mr. Martin has been conducting a flying field here, on the edge of Santa Ana, for

the last five years and a half, taking up hundreds and hundreds of passengers, and never has had a solitary accident. This, I found by investigation, was due to his exceeding great care and his thoroughness in every detail. I found he not only has been taking up hundreds of passengers, but he has taught hundreds of people the flying art, and in none of these cases has he had an accident of any kind. This is a remarkable record, that a man should conduct a public flying field for five years and a half without a person having been injured through any fall.

"In consequence of this, I found that his business and equipment have greatly developed. In fact, when I talked the matter over with him and asked him if he was equipped for the service of handling the newspapers on regular trips every day, he replied, 'I am.' I asked him when he would be ready to take his first trip and he said, 'Whenever you have the papers ready.' So the program will begin on Wednesday, when the papers will leave Martin's field at 5:05.

"While this is an important innovation for a newspaper and particularly for a paper in a city the size of Santa Ana, yet it is only an incident in the day's work for Martin and his men, any one of whom can perform this work, with several remaining on the field for the regular service of teaching and passenger flying. I found he was ready to take passengers, not only on a sight-seeing trip above Santa Ana and around Orange county anywhere, but to any point, however far distant, in the United States where the passengers desired to go.

"The plane will not stop at each one of these paper delivery points, but a certain point will be selected where the paper will be dropped off and, as the plane reaches this point, it will come close to the earth, so that the bundles can be dropped without any possible danger to any object

on the ground. In the first flight the circulation manager, R. M. Conklin, will accompany Martin, so as to designate the point of delivery in each particular locality. Orange county is particularly well adapted, in my judgment, for this kind of service."

transaction.

Duplicity Charged

The government offered to prove to the jury that the Teapot Dome oil lease transaction between Sinclair and former Secretary of Interior Fall was tainted with secrecy and duplicity.

Owen J. Roberts, government chief, warned the jurors that the defense would seek to paint as legitimate the \$233,000 Liberty bond transaction between Sinclair and Fall, but he said this was no regular business transaction.

He asserted that lack of competition was coupled with secrecy and duplicity in the lease of the vast naval oil reserve to Sinclair, which was followed closely by the transfer of funds from Sinclair to Fall.

Wright outlined the oil situation in the Teapot reserve, laying the foundation for a plea that Fall was doing a national good when he turned the field over to Sinclair. Wright claimed there was leakage; in other words, that the Dome was in danger of being lost through sheer wasting away into other fields.

Be Ready to Enjoy the Sunshiny Days

EASTER Sunday seemed to open up the most glorious time of the year in Santa Ana. It would be a pity for anyone in this part of the country to be unable to fully enjoy such a season. We were thinking that it is greatly worth while to be prepared to take the greatest possible advantage of Summer days on the South Coast and in the mountains—worth sacrifice to be free from financial drawbacks—and a fine thing to be on a sound financial basis so that time and the necessary expenses would be available. We can't do all of that for you, but we can appreciate such an effort and extend all of the advice, banking service and other aids within our power.

Feel Miserable This Spring?

To Be Well Your Kidneys Must Function Properly.

SPRING find you tired, nervous and depressed? Are you stiff and achy, subject to nagging backache, drowsy headaches and dizzy spells? Are kidney excretions too frequent, scanty or burning in passage? Too often this indicates sluggish kidneys and shouldn't be neglected.

Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and thus aid in the elimination of waste impurities. Doan's are endorsed everywhere. Ask your neighbor!

50,000 Users Endorse Doan's: H. P. Goodwill, 1524 Sunset Ave., Pasadena, Cal., says: "My kidneys were so disordered there wasn't a night I didn't have to get up to pass the secretions. The secretions were scant, too. Sharp pains seized me in my back and I could hardly straighten after stooping, the pains were so severe. It didn't take Doan's Pills long to fix me up and two boxes made me well."

HIGH SCHOOL P.-T. A. MEETS ON THURSDAY

The April meeting of Polytechnic high school and junior college Parent-Teacher association will be held Thursday night at 7:30 o'clock in the Y hut on the campus, with Mrs. J. H. Stewart presiding. The program will be presented under the auspices of the printing department of the schools with Thomas E. Williams as director.

Miss Mary Arnold will open the program with a reading, "Back Where We Used to Be," by James Whitcomb Riley, after which Mr. Williams will give a history of the print shop and its aims and objectives, and an account of the vocational printing work conducted during the past year. The trade courses for next year will be outlined.

Three years of instruction are given students enrolling for this course, and there are several now enrolled who plan to follow printing as an occupation, according to Mr. Williams, who declared that the course is so arranged that students completing it are ready to enter a print shop well qualified to continue the trade.

In the beginning, the sophomore year, the students are taught to set type by hand continuing to advance until as seniors, they learn the operation of the linotype machines.

Thursday night's P.-T. A. meeting will be adjourned to the print shop where the students will demonstrate the operation of the machines, operating also the platen presses, and show the making of the forms for the school publications, including the "Generator."

THEN ALL-BRAN SAVED HIM FROM CONSTIPATION

A message for people who use laxatives

Mr. Skiles wrote us a voluntary testimonial after Kellogg's ALL-BRAN had saved him from dreadful constipation. Read his tribute:

July 12, 1927.
"For years I have been so constipated. After trying every kind of drug possible, I could only get temporary relief. I became discouraged and gave up hopes, when a friend told me to use Kellogg's ALL-BRAN. I had read so many testimonials I had no faith. I was of the opinion testimonials were put out by friends. I will not only give you the privilege to use my name, but I will go on the witness stand and testify to my statement. I cannot express words great enough to meet with Kellogg's food."
—ARTHUR SKILES, 325 N. Kedzie Avenue, Chicago, Ill.

If constipation is preying upon your health, check it before too late. If you are using habit-forming laxatives, stop it before this harmful practice fastens its grip too tight.

Kellogg's ALL-BRAN is guaranteed to relieve constipation. Just eat two tablespoonfuls daily—chronic cases, with every meal. Doctors recommend ALL-BRAN. A 100% bran cereal—delicious with milk or cream—fruits or honey added. Use in cooking too. Sold by all grocers. Served everywhere. Made by Kellogg in Battle Creek.

STANTON STORE IS ROBBED BY THIEVES

Burglars broke into the store operated by A. Chaires, near Stanton last night and stole a quantity of beans, flour, cigarettes and candy, according to a report made to the sheriff.

Entrance was made through a side window, after a screen had been cut, it was reported. Among the articles reported taken were 100 pounds of beans, two 25 pound sacks of flour, \$2 worth of canned sardines, five cartons of cigarettes, six boxes of candy and six boxes of Japanese paper.

PRESBYTERIAN CHURCH HOLDS ANNUAL MEET

Pledges for support of local work the coming year have been increased 29 per cent over the high mark of last year, it was revealed by the budget committee made last night at the annual congregational meeting of the United Presbyterian church. The budget, which has been unanimously approved by the congregation, provides for an enlarged program.

Members crowded the spacious dining room at the church and at 6:30 sat down to a sumptuous repast provided by ladies of the church under direction of Mrs. A. J. Smiley and Miss Ada Cowan, outgoing officers of the Ladies' Aid society.

John A. Henderson, clerk of the session, welcomed to the worship of the service of the church new members who have been received during the past year, Dr. Emmett Raitt, responding for the new members.

The business session was presided over by James T. Raitt with E. T. McFadden acting as secretary. Reports from the various organizations indicated that all of them are developing along the several lines of service. This was particularly noticeable from the Bible school, Women's work, Christian Endeavor and financial reports. The contributions by the women totaled \$1989. The Young People's group of Christian Endeavor showed an increase of 95 per cent in membership under the efficient advisement of Mr. and Mrs. R. Carson Smith. The contributions for all purposes totaled \$19,102, with an average of \$42.63 per member. The officers elected for the coming year were: Congregational chairman, James T. Raitt, re-elected; secretary, T. Gray Johnston; trustees for three years, Mrs. Minnie Lindsay, Prof. O. S. Johnston and A. J. McFadden; treasurer, Leland Finley; chief usher, Will T. Hatch; assistant usher, Dean Smiley; correspondent, Mrs. Cora Torrens.

JUDGE ALLEN WILL SIT IN RIVERSIDE

During the remainder of the present week Superior Judge James L. Allen will be on the bench in Riverside, where he will replace Judge W. H. Ellis, it was learned today. The Riverside jurist is ill and unable to be in court, reports stated. With the departure of Judge Allen, Judge E. J. Marks will be the only remaining jurist in the local Superior court. Judge Homer G. Ames has been in Los Angeles for the last two weeks.

OPPOSITION TO OIL STATIONS IS EXPRESSED

Asserting oil stations now occupy one corner on every other block on North Main street, W. L. Grubb, former city councilman, last night vigorously protested granting of permission to Allen H. Hadell for erection of a station on the northeast corner of North Main and Edgewood Road.

Grubb was supported by virtually every home owner residing on Main street between El Portal street and the Santiago creek bridge. He emphasized the point that public convenience or service to the motoring public does not require a station at this point, and he directed attention of the council to the fact that a station is located 700 feet south of the corner and another station 400 feet to the north.

The council deferred action for one week. Application of Willard and Eben Pagenhopp for permission to locate an oil station on the northwest corner of South Main and Walnut streets was referred to a joint meeting of the council and planning commission, and hearing on

the application was set for the evening of April 23. J. W. Markel and Son were awarded the contract for erecting the city's new fire hall on Cypress avenue, their bid being \$8963. Plans and specifications for electrical work in the fire hall were approved and the city clerk was authorized to advertise for bids to be opened April 30.

Application of D. J. Ramsdale for permit to operate confectionery store at 303 North Broadway was referred to the city manager for report at the next meeting. Robertson Electric company was given permission to install electric sign at 433 West Fourth street.

A check was received from the Pacific Electric company for \$632.55, a franchise tax for the operation here of the motor stage line.

Request of the Santa Ana Art Glass works for permission to erect a corrugated iron building at the rear of its store at 1204 East Fourth street was denied on the ground that the type of construction proposed is not permitted in that district by the building ordinance.

On recommendation of the planning commission, First street, between Parton and Van Ness, was changed to the apartment house zone.

The Epworth League was given permission to string banners across the street at Main and Sixth and Fourth and Spurgeon during a convention here on April 21, 22 and 23. Petition was granted changing

Walnut street, between Van Ness and Parton, to the duplex zone.

Mrs. Clara Cushman and Stanley Goode were appointed to represent the city at a planning commission meeting to be held at Pasadena on April 26.

The owner of a building erected on park space at Birch park was directed to move the structure.

OIL WORKER HELD TO HIGHER COURT

Alfred Rennie, Cypress oil worker, was today held to answer to the superior court from Justice Kenneth Morrison's court, on a charge of failure to stop and render aid after an automobile accident. Bail was fixed at \$1500, which he made.

Rennie is charged with running down Jesus Caldera, Buena Park Mexican, at Buena Park on the night of April 1. Caldera was badly injured and in the Orange county hospital.

After the accident, Rennie left the scene, it was reported. He was arrested several hours later by Ole Buer, state traffic officer, at Cypress.

Rennie was represented in court today by Dave Wettlin, attorney, and S. E. Kaufman of the district attorney's office; prosecuted the case.

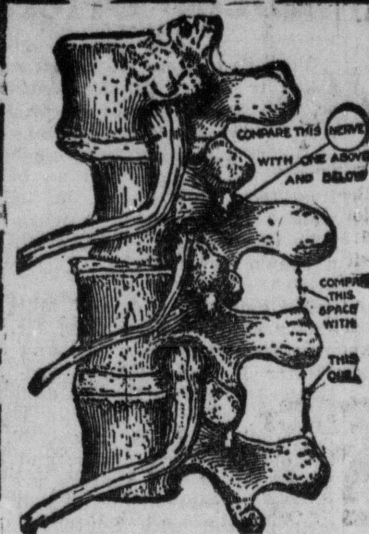

HARBOR HERALD TO INSTALL NEW PRESS

NEWPORT BEACH, April 10.—Reports that a new press and other equipment will be installed in the near future by the Harbor Herald were current here today. The paper is owned and edited by H. L. Sherman, prominent Balboa man. Rumors to the effect that the paper would be discontinued following the city election were denied recently by Sherman. The paper played an important part in the city election campaign supporting successful candidates for the council and other elective city offices.

The paper has been published in Huntington Beach for the past several weeks. It is a weekly publication. Sherman established his offices in Balboa on the Ocean front.

A new press will be purchased and a complete newspaper plant will be placed in operation here soon, according to reports. If the paper is published here it will become a legal publication and can be used by the city in its advertising work, it is pointed out.

Walter Clemmons is business manager for the paper while Sherman is acting editor and publisher.

Three. Santa Ana aviators dropped down on the Eddie Martin field at the end of South Main street, early this morning to complete a 4000 mile pleasure jaunt, on which they started almost four weeks ago and which took them to Sherman, Tex., and Fredericks, Okla., where they visited friends and relatives.

The three flyers are William Hottle and Henry Reed, Santa Ana city firemen, and George Mattingly, Hottle was the pilot for the trip.

The trio flew from here to Sherman, Texas, then turned the ship north and visited in several towns in Oklahoma. They returned here without having suffered an accident of any kind to mar the trip.

The plane, "Red Bird," is the property of Frank McCune, of the West Coast-Walker theater.

The injured youth is Alonzo Murillo, 1209 West Second street. He suffered severe bruises and cuts about the head and legs, it was reported.

Herrera was lodged in the county jail, where he is charged with reckless driving.

Police News

Police were called to 2025 Evergreen street last night to search for a "Peeping Tom," but did not find him.

BETTER HEALTH— LONGER LIFE

It is exhilarating to awake with a lively, energetic body; it is miserable to drag an aching, tired, weary body from a restless, sleepless bed. For a normal, thoroughly relieving urinal flow, cleansing the system of wastes that poison and impair health, take Foley Pils (diuretic) and feel again the urge of an active, ache-free body, an alert mind, good appetite, sound sleep. Men and women everywhere have been using and recommending them for years. Try them.—Adv.

Dorothy dropped in for lunch

ORDINARILY Jane would have been flustered to death, for her stock of supplies were quite low. There didn't seem to be a thing in the house to eat . . . and here was Dorothy, a very particular guest.

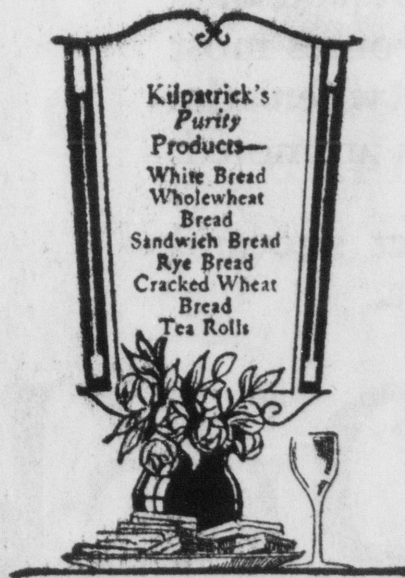

This gave Jane another chance to show her ability as a skillful housewife and clever hostess. There was just enough fruit to make salads for two. She cut four thin slices of Kilpatrick's Purity Bread. Then she melted a quarter of a pound of cheese with 3 tablespoons of butter, adding a few grains of red pepper and one tablespoon full of mustard. Then she moistened it with a little vinegar and spread it between the slices of bread and cut it into neat little sandwiches. A cup of good coffee and a dainty dish of prune-whip only took a few minutes more.

"Jane, everything you fix always looks and tastes so good and it only takes you a minute," exclaimed Dorothy. "How do you do it?"

"Well," explained Jane, "I always manage to have a loaf of Kilpatrick's Purity Bread in the house because it makes such good sandwiches. Then I have one of Kilpatrick's booklets of recipes for sandwiches and other appetizing ways of serving bread and I'm never at a loss when any one drops in unexpectedly for lunch."

And we have one of these splendid little booklets for you, friend housewife—a gift from Kilpatrick's Bakery. Fill out the coupon below and mail it today and we will be delighted to send you one.

PRODUCTION OF AVOCADOS WILL INCREASE SOON

That the production of avocados will more than treble in the next six years was the prediction made today by A. A. Brock, horticultural commissioner, who announced the completion of a census of the industry here.

With similar yield and market conditions to those in 1927, this county would receive \$280,000 from avocado orchards in 1934, according to figures based on Brock's estimates. The rapidity of this growth is seen when this amount is compared with the \$29,000 production of 1926.

The amount predicted for 1934 would be produced on 621 acres of land on which alligator pears are now growing. Of this acreage 420 are not yet bearing fruit, Brock said, showing that the \$93,400 crop of 1927 was produced on 201 acres, part of which is in full bearing and part coming into production.

The Puente variety accounts for 38 bearing acres and 149 1-2 non-bearing acres, according to Brock's census. Mixed varieties on his list utilize 163 producing and 270 1-2 non-producing acres. There are 14,094 bearing and 23,054 non-bearing trees, his census revealed.

RAIDER IN DRY BATTLE LOSES FEE IN COURT

Because the California Supreme court has upheld a Superior court order restraining the city of Fullerton from paying \$2800 to a detective for his part in the county liquor raids of 1924, two Fullerton residents and a former Anaheim pastor may be asked to pay the bill, it was said today.

Three years ago the local tribunal ruled that the northern community should not expend \$2800 for remunerating Edward S. Ward, detective bureau head, for his services in the booze clean-up. The Supreme court has just upheld this decision, it has been learned.

But at the time it was believed Ward had an agreement with William Starbuck, Albert Stucke, of Fullerton and the Rev. Leon Myers, former Anaheim pastor and head of the Ku Klux Klan in this section, to the effect that they would put up the cash if the city was unable to do so.

Today the possibility that Ward might make use of the alleged contract was being discussed. The agreement became a part of the court proceedings when it was ordered that it be brought into court. The Rev. Myers no longer is a resident of Orange county and his whereabouts are unknown.

RESERVOIR SITE SOUGHT FOR NIGHT BALL

Major League Clubs Open Pennant Race Tomorrow

NATS. RED SOX 'JUMP GUN' AT CAPITAL TODAY

WASHINGTON, April 10.—Rain threatened postponement of major league baseball's formal season opener here today. An icy drizzle was falling at dawn and the weather man's forecast was "rain and cold."

Officials of the Washington Senators and Boston Red Sox were to confer later to decide whether the game could be played.

If not the season's opening would be deferred until tomorrow with all major league clubs getting into the fray simultaneously, including Washington at Boston.

Postponement would mean a shifting in plans for thousands, including sundry grandmothers and companionate hot dogs and peanuts that expected to perish for the benefit of small boys today.

It would mean also that President Coolidge would have to keep his arm limbered up for 10 days more to make the "first pitch" stamping the season as "official."

Today's game was arranged a day earlier than the openings elsewhere so that the president would throw the starting ball. If the game fell through, opening ceremonies probably would be staged here April 20 with Boston still Washington's opponent.

It had been planned to open the season as seasons always had been opened—with officials in the stands, with bands playing, with players marching out of step across the field, with raising of the American flag, with the president's first ball lobbed onto the diamond, and the umpire yelling "play ball."

Beyond that, there were to be few changes. For the first time in 18 years Washington's opponent was to be the New York Yankees.

Johnson, beloved Washington pitcher, was not to be on the field at the opening. The "Big Train" was released at his own request last fall to manage the Newark, International league club, and right now he is so ill from the after-effects of influenza that he cannot leave a hospital bed.

His old battery mate, "Muddy" Ruel, likewise was absent from the announced lineup. Manager "Bucky" Harris, himself barred from play by an injured foot, substituted Benny Tate as catcher because Ruel's throwing arm was weak.

Milton Gaston, late of St. Louis, was to be on the mound.

Boston picked a battery composed of Danny McFadden, young right hander, and the veteran right hander, Hoffman. Play, if any, was to start at 3 p. m.

WELCOME BACK TO OUR SPORTS PAGE, LADS

Baseball's army advances again! The national pastime is back! The "Big Show" opens tomorrow! American and National league schedules, with 16 powerful teams prepared for another long pennant race, open officially tomorrow afternoon. Below are some of the leading performers of the two leagues. It's their day. More power to 'em.

GAVUZZI GAINS OVER HOUR ON ANDREW PAYNE

SAYRE, Okla., April 10.—Andrew Payne, Claremore, Okla., held a time lead of slightly more than one hour over his nearest rival, Peter Gavuzzi, England, when contestants in C. C. Pyle's cross-country foot derby left here today for Clinton, 51 miles distant.

Arne Souminen, Detroit Finn, who had led the "Bunion Derby" for nearly two weeks, is definitely out of the race. He strained a tendon and was unable to continue further.

Gavuzzi gained more than an hour yesterday by winning the 22.2 mile lap from Texola in 3:53:30. Payne finished ninth, in 5:03:30. Roy McMurty, one-armed Newhall, Calif., runner, finished second in 4:36:32.

Standings included: Andrew Payne, Claremore, Okla., 25:33:07. Peter Gavuzzi, England, 25:57:50. Philip Granville, Hamilton, Ore., 30:29:28. Ed Gardner, Seattle, 32:32:34. John Cronick, Saskatoon, Sask., 34:44:33.

Coveleskie Jots Name On Contract

NEW YORK, April 10.—Stanley Coveleskie, veteran spitball pitcher, has signed a one-year contract with the New York Yankees. Coveleskie went south under an agreement whereby he would get a contract if he could convince Miller Huggins he wasn't through as major leaguer.

Those familiar with the New York club know that despite its greatness the Yankees are a careless team. To them the winning of exhibition games means less than any other club in the majors. A great many of the veteran stars are inclined to be nonchalant in the spring, merely taking the games as a workout rather than inter-league battles.

For that reason, if there was no other one, the atrocious showing the Yankees have made in Florida shouldn't be taken too seriously. I wish that I might enthrone over it in the belief the Yankees have passed their peak, are slipping fast, due to have plenty of trouble in trying to repeat as pennant winners in the American league. I just can't.

Will Regain Their Poise

In some way I would prefer to see the Yankees moving down the opposition in the south without exerting themselves. Such a showing would have a tendency to make the club even more careless and breed overconfidence.

I fear that about April 11 the Yankees will resume their winning ways and a month later will be going at top speed, showing the way in the American league by a comfortable margin.

LOSSES IN SOUTH FAIL TO MAKE BILLY EVANS THINK THAT YANKS ARE SLIPPING

By BILLY EVANS

"The Yanks are coming! The Yanks are coming!" So ran the opening words of a popular song written some 10 years ago by none other than George M. Cohan.

The late President Wilson said no one other influence did as much to keep up the morale of the American soldiers in the World war as the inspiring Cohan tune.

The Yanks are going! The Yanks are going! These are the words of a new song. American league players other than New York are now chanting. Music and words have been inspired by the terrible showing the New York Yankees have made in the spring training games through Florida.

Major and minor league clubs have kicked the Yankees around in a most unceremonial manner. Probably no major league club has ever made a more sorry showing in pre-season exhibition games. The admitted greatness of the Yanks has made this reversal of form all the more surprising.

Really Need More Proof

While it would be a great thing for the American league if it were true that the Yanks were going, I will have to have more conclusive proof than the mere inability of the club to win in the south.

HEENEY SAILS FROM ENGLAND FOR TITLE BOUT

SANTA ANA IN PRELIMINARIES FOR B & G MEET

By GEORGE KIRKSEY (United Press Staff Correspondent)

NEW YORK, April 10.—After a month's lark in London, Paris, and other European cities, Tom Heene, the ex-blacksmith who has ascended to the position of challenger for the heavyweight championship of the world, will sail from Southampton for the United States, April 18.

Heene departed for a continental vacation not knowing whether he would meet Gene Tunney, Paolino or Johnny Risko in his next bout and not caring much which one it was.

One would never suspect that Heene was a fighting man at all by talking to him. He's not always talking about knocking somebody's head off like the rest of the heavyweight contenders.

After he beat Delaney, Heene remarked casually in his dressing room that he'd like to fight Tunney just to see what he could do against him.

But for some stroke of genius on Charley Harvey's part, or it may have been only Tunney's demand that Heene be the challenger, the New Zealander might never have won the nomination.

Tex Rickard was opposed to Heene from the first, holding out as long as he could for a final elimination bout between Heene and Risko. It's an open secret that Tex discredits Heene as a fighter and what's more important to the promoter as a drawing card.

Heene discontinued his training abroad and has taken on some extra weight. He expects to begin training immediately on his arrival in this country.

ACE ON MOUND

One of the many reasons why Manager Donie Bush expects his Pittsburgh Pirates to win the National league pennant again this year is Carmen Hill, the bespectacled hurler shown here. Bush expects Hill to prove the outstanding pitcher of the league this season. He has been going good in the early spring games.

PROTEST MADE BY RESIDENTS NEAR PROPERTY

Whether the home of Santa Ana night baseball will be in the natural "stadium" created by the removal of the old reservoir at the corner of Sixth and Olive streets will not be known until after the next meeting of the city council, set for next Monday night.

Possibility that the lunar pastimers would conduct their annual series of summer contests on the new site was disclosed at last night's council session by the reading of a proposed agreement between the Santa Ana Night Baseball association and the council by which the association would bear the expense of placing the "hole" in condition.

Construction of the city's new reservoir, it was stated, has made future night league games more or less impracticable at Lincoln park, the old home of the sport.

Property Owners Protest

No sooner had the tentative agreement between the association and the council been read than a number of property owners residing in the vicinity of the proposed grounds protested that games there would be obnoxious to them.

James O'Brien was spokesman for a number of the property owners. O'Brien stated that the cheering at the game would disturb the rest of the quiet-loving persons residing near the site of the erstwhile reservoir.

There is plenty of room at the Orange County Fair grounds for all kinds of sports and events of this kind and they can be held there without disturbing anybody," O'Brien stated.

Asserting that residents had learned only yesterday of the proposed utilization of the "hole" for athletic purposes, O'Brien urged that the council postpone action for at least another week in order that protests may be registered in legal form and also that he might pack the council chambers with men and women who would voice opposition to the suggested program.

Council Delays Action

G. A. Gjeskes and Otto Peterson also protested the site for night baseball purposes.

The council passed the matter over for a week but will probably take action next Monday.

Night baseball, which has made tremendous strides here and elsewhere in Southern California in the past few years, has struggled along thus far without financial assistance from the city although other communities have taken over the entire activity as a municipal enterprise. It was with the idea of civic aid that the commission of the night baseball program had gone before the council asking the use of the reservoir for their games.

Jones Registers No-Hit Game In Practice Fracas

Seidel's market, one of the pre-season favorites for the championship of the Santa Ana Twilight league, won another practice game at Lincoln park yesterday. The City Hall crew was the latest victim of the Butchers who won, 7 to 1.

Earl Jones pitched no-hit ball for the seven inning span, a base on balls leading to the only City Hall counter. Leonard, toiling for the losers, also pitched good ball. He allowed only five hits.

The official Twilight league season opens next week.

Stanford Plans Baseball Jaunt

STANFORD UNIVERSITY, April 10.—No definite announcement will be made this week concerning plans to send the Stanford baseball team to Australia this summer, university authorities announced today. The plan admittedly was under consideration, but has not been definitely acted on, officials said.

Overcoming a two-run lead by persistent pecking away at two pitchers, Coach Bill Foote's Santa Ana high school baseball team squared accounts with Brea-Olinda yesterday with a hard fought 4 to 2 victory.

Johnny Willcutt started for the Saints but was relieved by Foote's first string gunner, Bob Drysdale, when he became unsteady in the fifth. Drysdale pitched no-run, no-hit ball in the last four frames. Willcutt and Drysdale held their opponents to three hits.

This will be the last practice game of the week before Santa Ana goes to South Pasadena Friday for its next Coast Preparatory league start. The score:

If the Philadelphia Athletics can avoid internal strife and if the St. Louis Cardinals can keep out of the hospital, these two clubs have an excellent chance of meeting in the world series next fall.

Selecting either as a pennant winner is risky business because of uncertainty, as the 1928 season opens, on the above points.

The New York Yankees, with waning pitching strength and the likelihood that some of their stars will not perform as brilliantly as they did last year, are not going to be unbeatable this season.

The Athletics will nearly match them in offensive strength and appear on paper to be a stronger club. Connie Mack's replacements are better than those at the disposal of Miller Huggins. Mack's pitchers, if they perform up to expectations, should keep the club in the van of the American league race.

During the training season just ended, it appeared that Connie has not yet smoothed out all the differences which naturally arise in a ball club which embraces the number of stars now sporting white elephants on their manly chests. There was considerable smoke in the Cobb case—and only those closely in touch with the situation know how much fire.

It may be that this season Mack will be able to keep a working combination in the field from April to September, in which case the Yankees may enjoy a vacation from their world series labors.

The problem confronting the Cardinals in the National league race is physical rather than mental. Under Bill McKechnie, the Cards should pull together, if they do not fall apart.

A pitching staff such as St. Louis' promises another pennant for the Mound City, if the club's crimples recover their normal stride and back up Alexander, Haines, Sherdel, Rhem, Frankouser and the other hurlers.

Tommy Thevenow's leg, Bob O'Farrell's thumb, Chick Hafey's eye and Ray Blades' knee—each is an Achille heel which may mean the downfall of what appears the strongest ball club in the National league race.

Opposition to the Cardinals this year will come from Pittsburgh, Chicago, Cincinnati and Boston. Despite John McGraw's optimism over his youngsters, the Giants do not appear dangerous. The Cincinnati Reds are somewhat better than they were in 1927, when they were pretty terrible. The Robins and the Phillies are just in there to complete the schedule.

In the American league, the Washington Senators and the Detroit Tigers look like first division probabilities as the season starts. Bucky Harris has paid his respects to the strength of the Yankees and announced that he is shooting for second place. George Moriarty, manager of the Tigers, does not claim even an outside chance for his club.

The remaining four American league clubs are below par this year. None has first division pretensions.

Judging them by their own estimation as well as by a consensus of baseball experts, therefore, one might hazard the following guess as to the outcome of the 1928 pennant races:

AMERICAN LEAGUE: 1. Philadelphia. 2. New York. 3. Washington. 4. Detroit. 5. Chicago. 6. Cleveland. 7. St. Louis. 8. Boston.

NATIONAL LEAGUE: 1. St. Louis. 2. Chicago. 3. Pittsburgh. 4. Cincinnati. 5. New York. 6. Boston. 7. Brooklyn. 8. Philadelphia.

EVANS NOT FOOLED BY YANKEE LOSSES

(Continued From Page 8)

Now that New York will have difficulty in repeating offer these reasons for such a belief:

A catching staff that is none too strong and contains several "ifs" as to whether it will be as good as last season.

The fact that all the veterans are just one year older than last season and it is known that added age doesn't help the old-timers.

Loss of Vets May Handicap

The belief that the loss of the veterans, Shawkey and Shocker, will be missed from the pitching staff and that Pennington and

Hoyt will not be as effective as last season.

The hope, as well as the belief, that neither Ruth nor Gehrig can be any better at the bat than last season. It is contrary to all precedent to think they will be more troublesome at the bat. Each had a banner year.

The opinion that two successive pennants with the attendant prosperity may cause the club to lose some of the enthusiasm always so helpful in putting over a pennant winner.

Possibly the Yanks are not going to run over the field as they did last year, but much as I would like to, I can't win myself over to the belief that the Yanks are going, based merely on spring training results.

STARS. ANGELS MIX: PORTLAND TRAVELS NORTH

Oakland defeated the Hollywood Stars, 6 to 1, in the only Pacific Coast league game yesterday.

The contest was a replay of Sunday morning's 11 inning tie. The series ended five to two with the Stars on the long end. Masterly pitching by Hasty for the Oaks contributed to the victory, although the former champions showed more hitting strength than at any time this season.

Today the Oaks will entertain Portland at Oakland.

Hollywood returned to Los Angeles today to play the Angels there. The Stars have shown better all-around ability than their neighbors this year and are hoped to take the series. They will be the home team.

Seattle will meet Sacramento at the capital. The Senators showed real form in taking the first five games from the Missions and probably will come out on top of the series.

The San Francisco Seals meet the San Francisco Missions in one of those neighborhood feuds that always please fans. The Seals have done more winning so far. The Missions will be the home team.

Score of yesterday's game:
At Oakland:
Hollywood . . . 000 000 001—1 7 2
Oakland . . . 121 010 10x—6 10 0

KIN OF O. A. WOMAN IN AUTO ACCIDENT

Robert Flook, of Long Beach, father of Mrs. C. W. Brakeman, 210 East Tenth street, this city, and a former resident of Santa Ana, was involved yesterday afternoon in an automobile accident with Sheriff William Tracer of Los Angeles. Neither was hurt.

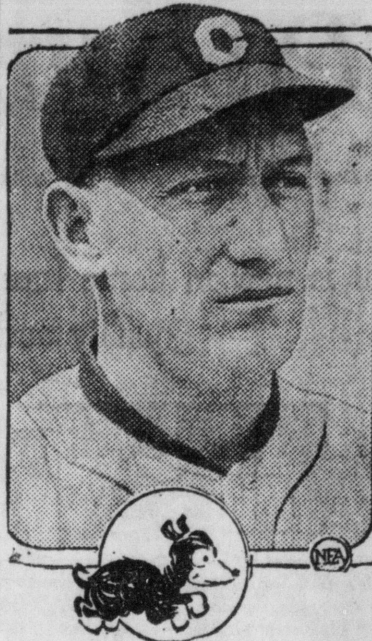

The accident happened on Long Beach boulevard, and, according to Los Angeles newspaper reports, a coupe driven by Flook crashed into the Tracer machine driven by Charles Smith, chauffeur for the sheriff.

Witnesses assert that Flook, travelling at about 30 miles an hour, darted from behind a truck into the path of the sheriff's car, going about the same speed in the opposite direction.

Smith turned his car into a telephone pole to avoid a collision, the sheriff and driver being badly shaken up but not hurt. Flook's car struck the sheriff's machine amidship, according to reports.

HE'S WITH CUBS

Being somewhat dubious of his present infield, Manager Joe McCarthy of the Chicago Cubs recently bought Ray Jacobs from Los Angeles, turning over Pitcher Osborn and an outfielder to be named later for him. Jacobs played first base for the Los Angeles club last season, but is said to be equally adept at any position and will serve as utility infielder for the Chicago club this season.

The Thomas gardens are said to be the finest private gardens in America, containing 1500 varieties. He has originated many varieties, including the Bloomfield series of climbers and pillars.

EMANUEL FACES REAL TEST IN BOUT TONIGHT

LOS ANGELES, April 10.—Armand Emanuel, the highly touted San Francisco Jewish heavyweight, is expected to beat Matt Adgie, Philadelphia slugger, in their 10-round bout at Olympic auditorium here tonight.

Adgie was selected as the former lawyer's opponent after the boxing commission had refused to sanction Rosalva for Emanuel. Rosales, the ring body ruled, was not good enough.

In his 26 professional bouts Emanuel has scored as many victories. He is soon to turn his attention eastward. After a bout with Mike McTigue in San Francisco, April 23, he is scheduled to go to New York to join Jack Dempsey, his advisor.

Adgie comes here with a good record for his two years of professionalism.

One of Adgie's most notable victories was over Eddie Huffman and is said to have sent Huffman sliding back down the ladder.

WIND-BREAK SUIT REPORTED SETTLED

Whether Eucalyptus tree wind-breaks result in more damage than benefit to orchardists of Orange county is still a question to be argued today following the reported settlement out of court of a lawsuit between two Orange ranchers over a gum tree hedge on the border of their holdings.

Bruno Loyt, plaintiff in the case, asserted that trees belonging to R. W. Jones, sent their roots 75 feet into his adjoining orchard, sapping the nourishment which he would have liked his orange trees to absorb. Furthermore the Eucalyptus foliage shaded the citrus trees, he said, in a complaint filed through D. G. Wettlin, local attorney. This resulted in stunting their growth and retarded crop production, he said.

He asked the court to order Jones to remove the offending trees. A settlement was reached yesterday, however, in which the hungry Eucalyptus roots are to be cut every other year to a depth of three feet at a point not more than eight feet from the borders. It is expected that the case will be dismissed.

HOOVER DINNER TO BE HELD APRIL 25

Dr. R. A. Cushman, chairman of the Republican county central committee, announced today that a county-wide Hoover convocation, at which Lieutenant-Governor Byron Fitts will be the main speaker, has been scheduled for April 25 at St. Ann's Inn.

Everyone interested in the political situation is urged to be present when the affair gets under way at 7 p. m., Dr. Cushman said. The gathering will be the first meeting of forces in this county in the interest of Hoover's nomination for the presidency during the present campaign. Hoover clubs have been formed in Santa Ana and Orange and the gathering is expected to show that the Republican strength here is lined up solidly in favor of the commerce secretary.

EASTERN STAR HOLDS MEETING MONDAY NIGHT

Monday night's program at the meeting of the Eastern Star, which was held at the Eastern Star temple, was unusually entertaining according to the large group of members who were present for the affair.

The evening's entertainment was in charge of Mr. and Mrs. Roy Shafer, Mr. and Mrs. Alvin Nowotney, and Mr. and Mrs. George Osterman.

The first number on the program was a contest which was won by Mrs. Emma Jean Trueblood. Mr. and Mrs. Shafer were in charge of the contest which caused a great deal of hilarity.

Mrs. Mate Tillotson was in charge of a spelling bee which was also enjoyed. The bee was of brief duration however as one entire side was seated on the word, "ukulele," and the other side went down on "hemorrhage." Mr. and Mrs. Nowotney had planned the match.

The third part of the program had to do with April fool stunts and had been arranged by Mr. and Mrs. Osterman.

Those winning prizes during the evening's performances were Mrs. Minnie Mayhill, Mrs. Avery, and William McDonald.

Guests at the affair were Mrs. William Sylvester, worthy matron of Santa Ana chapter, and Mr. Sylvester, and Elmer Smith, worthy patron, and Mrs. Smith.

In Paris!

Now, American girls are showing the French how to wear clothes! Doris Padmore, lovely New York City girl, whose home is at 70 Barrow Street, is in Paris displaying gowns for Jean Patou, the famous French designer.

The girls over there have another trick to learn from her. She says: "Everyone marvels at the lustre and softness of my hair. Many of the girls ask me if I use brilliantine. I always delight in telling the easy way we New York girls take care of our hair. All we do is just put a few dashes of Danderine on our brushes each time we dress our hair. The first few times I used it all my dandruff disappeared and every time it gives new sparkle and life to my hair. It keeps it in place, too, just like I arrange it and makes my scalp always feel grand. I don't have to shampoo nearly so often either, now that I'm using Danderine."

Every application of Danderine refreshes and tones your scalp. It removes the oily film and makes every strand gleam with new lustre. It dissolves dandruff and keeps it out of your hair. It isn't sticky or oily. All drug stores have the big 25c bottles.—Adv.

ORANGE, April 10.—Rebuilding of the Jesse Ainsworth building, at 105 South Glassell street, which was partially destroyed by fire here late Saturday night, will be commenced at once, it was learned today.

The water rate was raised this morning from 40 cents an hour for 100 inches of water to \$1 an hour for the same amount.

According to O. E. Mansur, secretary of the company, this rate is quite likely to continue unless there is more rainfall this season.

The company has 11 wells which can be used if the need arises. Four of these are near the Olive bridge, two are on Cambridge street near the creek, one at the end of Walnut street and four up the river near Sulphur Slide.

S. A. Business Women Hold Session at St. Ann's

Disappointed at the failure of their anticipated speaker, Miss Mary Weir of Pasadena, to arrive for their program yesterday, members of the Santa Ana Business and Professional Women's club nevertheless had an enjoyable meeting at St. Ann's Inn, devoting the luncheon hour to discussion of the various club interests.

Mrs. Laura Murray, club president, announced that the Lions club had asked the B. and P. W. to waive their meeting of April 23 and join the men's organization for the Thursday program at the Inn. The invitation was accepted.

Announcement was also made of the meeting of the southern district executive board in Beaumont and Banning on April 14, when business sessions will be held in one city, and dinner in the other.

Two guests were introduced, Mrs. Charles C. Oakes, whose husband, Captain Charles Oakes of the old merchant marine service, will give next Monday's program, and Mrs. Williams who is in the city as the guest of her son, J. P. Williams, 1110 Spurgeon street.

The remainder of the luncheon hour was given over to informal accounts of Easter vacation wanderings of various members.

Young Guest's Visit Made Enjoyable By Party

Miss Catherine Fitzpatrick of 1212 East Sixth street, found the Easter holidays particularly enjoyable, for she had as her houseguest, Miss Della Fleming of Lynwood, who completed her visit and returned to her home in time for the opening of school yesterday morning.

One of the pleasant features of the vacation visit, was a luncheon which Miss Catherine's mother, Mrs. Eva Fitzpatrick, planned for the young people. The home was bright with spring flowers, especially colorful ones being used to adorn the table.

Covers were laid for the Misses Catherine Fitzpatrick, her honoree, Della Fleming, Geraldine Alders, Helen Meyers, Marguerite Hays and Betty Fitzpatrick.

Since most of the young girls are musical, an interval of piano music and readings succeeded the luncheon hour, giving place in turn to an enjoyable theater party at one of the city's motion picture houses.

High School Graduate Wedded Yesterday In Seattle

Of much interest to a host of the bride's friends in this city, will be the announcement of the wedding of Miss Teresa Knapp, niece of Miss Teresa McDonough, 421 North McClay street, to Alfred Gessner of Everett, Wash., which took place yesterday in Seattle.

For a number of years, Miss Knapp made her home with her aunt, Miss McDonough, and attended Santa Ana high school, graduating with the class of 1923. After rejoining her mother, Mrs. Margaret Knapp in Seattle, she attended Forest Ridge academy, graduating in June of last year.

Mr. Gessner is connected with the lumber business, and will take his bride to a pleasant home in Everett. The young people were wedded yesterday in St. Mary's, at a high nuptial mass, and a wedding breakfast for the members of the bridal party and a few close friends, was served later at the Knapp home, 1322 Fourteenth avenue, Seattle.

Church of the Messiah Is Lovely Setting For Nuptials

No more beautiful background for a wedding could be desired than the Church of the Messiah with its altar banked with snowy blossoms, feathery green foliage and stately palms for the Easter services, and Miss Altha Heckart and Stephen Bixby completed the charming picture as they took their nuptial vows there Sunday afternoon at 4 o'clock.

It was one of the loveliest weddings ever to occur in the picturesque little house of worship, according to the relatives and close friends who formed the guest group. Preceding the ceremony was a brief but beautiful musical program with Maurice Phillips singing "O Promise Me" and "I Love You Truly," and Miss Matie Krause at the organ playing his accompaniments and continuing with the bridal music.

The impressive strains of Lohengrin's Wedding Chorus signaled the approach of the bridal party, Miss Heckart entering on the arm of her father, Samuel D. Heckart of 1022 South Main street. She was a very lovely and girlish bride in her airy gown of white chiffon, sparkling with rhinestones and with white chamille flowers. A tulle veil with cap arrangement, fell from a chaplet of orange blossoms, and her flowers were lilies of the valley with white orchids. Mr. Bixby's gift to her was a handsome emerald ring set in diamonds.

Miss Louise Ward of El Modena was her honor maid, and wore a smart frock of pale yellow georgette with which she carried Permet roses and pale green orchids.

At the altar they were met by the former rector of the church, the Rev. W. L. H. Benton, now of La Crescenta, and the bridegroom, Mr. Bixby, accompanied by his brother, David Bixby of Hollywood, his best man, Mr. Heckart gave his daughter in marriage.

Leaving the church to the strains of Mendelssohn's Wedding March, Mr. Bixby and his bride hastened to the Heckart home, from which they left later in the afternoon, for San Francisco. Mrs. Bixby chose a rose beige ensemble for traveling, wearing with it harmonizing hat, shoes and gloves. At San Francisco, they will embark on the Watsonia, sailing Thursday, for Hawaii. They are shipping their automobile in order to have it with them there.

They plan to return to California the first of June, and will then proceed to Mr. Bixby's cattle ranch near Globe, Ariz., where they will make their home.

Mr. Bixby is the son of Mrs. George Bixby of Long Beach and his family has been prominent in the history of the beach city. After graduating from high school he took special work at the University of California farm at Davis. His mother chose for the wedding a handsome costume of black satin with which she wore a corsage of flowers. Mrs. Heckart, mother of the bride, wore a smart gown of deep blue crepe satin and her corsage was of red roses and violets.

The bride is a Santa Ana high school girl, having completed her course in February. She has a host of friends here whose interest in the wedding and her new home in Arizona has been a warm one.

Miss Carolyn Finley Is Honor Guest At Shower

Expressing their interest in Miss Carolyn Finley's approaching wedding to Harold Lindsey of Los Angeles, a group of close friends of the bride-elect, eagerly availed themselves of the opportunity to shower her with gifts at a delightful party given Saturday by Mrs. Theodore Gilbank (Mary Geyer) of Arcadia, in the home of Mr. and Mrs. Flake Smith, 2409 Heliotrope Drive.

The pretty home was fragrant with flowers for the event, and tables were all in readiness for an afternoon of bridge. In the contest, Mrs. Donald Hillyard scored high. Mrs. J. E. Rose of Los Angeles, second, and Miss Pauline Porter, low. Each was suitably rewarded, and while interest was centered in gifts, the "grand prize" was awarded Miss Finley.

For she was led to a table piled high with the most fascinating packages imaginable, and opening them, discovered that her friends had chosen all manner of useful and ornamental things for her future kitchen.

At the close of the afternoon, Mrs. Gilbank, assisted by Mrs. Smith, arranged the card tables with immaculate linens and slender yellow tapers, and served a dainty tea menu eloquent of the Easter-tide.

In the party in addition to the complimented guest, Miss Finley, and the hostess, Mrs. Gilbank, were Mrs. Flake Smith, Mrs. Harold Finley, Mrs. Harold W. Finley, Mrs. Donald Hillyard, Mrs. E. W. Smith, Mrs. J. E. Rose of Los Angeles, Mrs. Willard Nelson of Inglewood, Mrs. Calvin Lambert and Mrs. Worth Alexander of Tustin, Mrs. Mayo Lansing of Hollywood, Miss Ruth Finley and Miss Pauline Porter.

Mrs. Finley was formerly Miss Eunice Wood, only daughter of Mr. and Mrs. George Wood, and has been one of the accommodation operators at the local telephone exchange. Mr. West is from Seattle, Wash.

Their wedding was a very pretty affair on the eve of Easter, taking place in the home of the bride. Miss Hazel Lee was Miss Wood's bridesmaid, while Roy Wood assisted his future brother-in-law as best man.

Poor Girl— What Could She Do?

BY OLIVE ROBERTS BARTON

"They say he gives her thirty-five dollars a week for the table alone. Anyone who can't feed her family on that shouldn't have a husband."

"He says that if you take his salary away from what he owes, the amount left on the debt side is what his wife's clothes cost."

"He told the judge that he couldn't pay her any more alimony. If he gives her any more he'll have to go to the Old Man's Home, he says, but she insists that he is rich."

There it is! That and much more of the same kind. Wives who do not know the condition of their husbands' finances!

Yet it is not always the fault of the wife, by any means. Men are just as culpable.

Often a man deliberately gives his wife every reason to believe that his income is larger than it is. Foolish pride sometimes, and sometimes an anxious desire to keep himself up to par in her estimation. Nothing hurts some men so deeply as the knowledge that their wives have a feeling they are not making good.

It is a mistake, though, for husbands to let wives feel that there is more to spend than there actually is. It is one of the chief causes of women overspending.

Again some men object to their wives knowing anything about their business affairs at all, just on general principles. They like to keep things a secret, even from the family. One woman said, "I don't know this minute whether Max is worth a thousand dollars or a million."

There are other reasons for extravagance in women. Recently a friend said, "I may as well spend it. If I don't, John will. And I'll have something to show for it while he would just throw it away."

One man fussed about bills. His wife had bought the children new coats which she sent back at once, and bought cheaper ones instead. "Where did you get those coats?" asked her husband a day or two later. "They are awful. You know I like the children to look nice."

If you remember an old song it might mean something to you if we say right here: "What Could the Poor Girl Do?"

MENUS for the Family

By SISTER MARY

BREAKFAST—Shredded fresh pineapple, cereal, cream, fresh cornmeal mush, maple syrup, milk, coffee.

LUNCHEON—Vegetable goulash, hearts of lettuce with French dressing, cookies, milk, tea.

DINNER—Stuffed pork tenderloin, grilled sweet potatoes, buttered spinach, stuffed apple salad, orange sherbet, milk, coffee.

Apples are cut in slices about an inch thick, pared, cored and dipped in lemon juice. One or two slices are arranged on a bed of lettuce and the cavities are filled with a mixture of cream cheese, chopped seeded raisins and chopped nuts. Cooked salad dressing masks the whole. If possible use "cluster" raisins which must be plumped in boiling water before seeding.

STORY BY MAL COCHRAN—PICTURES BY KNICK
REG. U. S. PAT. OFF.

(Read The Story, Then Color The Picture)

The freight train soon pulled out of sight, and little Clowny said, "Well, what shall we do, now that the meat men all have gone? Near-by's a very dandy tree. Come on, why don't you follow me, and we will flop and have a snooze from night time until dawn."

The butcher, who stood near at hand, exclaimed, "That plan of yours is grand. It's almost night and it is best that all of you get rest. It's pretty warm. 'Twill be all right to sleep out in the air tonight. I guess you won't be chilly if you do not get undressed."

So, right up to the tree they ran. "Say, can I sleep? You bet I can," yelled Coppy as he sprawled, and settled comfy on the ground. The other promptly did the same, and then the dark of nighttime came. The butcher acted as a guard over them as they slept sound.

When morning came the bunch awoke. The butcher cried, "Well,

here's a joke. Your cookie cart and rabbit have come back to us again. And now we'll keep them. Might as well, 'cause we may need them. Who can tell? When you are in a hurry carts are handy, now and then."

The Tinie started quite a fuss. "We're glad that you've come back to us," said Scouty, as he stroked the little rabbit on the head. Then Coppy started all the crowd, 'cause he began to yell out loud. "Why, here come two wee pork chops. They're in tears," is what he said.

The pork chops came right up and said, "Oh, we'll be spanked and put to bed." The Tinies tried to stop their tears, but this was quite in vain. The butcher then said, "Tell us, do! What is the matter with you two?" "Oh, we were late," one chop replied, "and we have missed our train."

EAT THE THEATERS

WEST COAST-WALKER

"Red Hair," adds a new masterpiece to American moving pictures. It is a sympathetic comedy of American life interpreted and filmed with all the understanding and the experience and natural aptitude of its makers would lead one to expect.

Its series of comedy situations kept the audience at the West Coast-Walker theater in a gale of laughter throughout the performance yesterday. Clara Bow, the star of Elinor Glyn's former success, "It," proved a veritable treasure-house of humor and the succeeding situations left little breathing time as action succeeded action to tickle the funny-bones of the audience.

YOST BROADWAY THEATER

Al Jolson makes his film debut in "The Jazz Singer," current attraction at the Yost Broadway theater, and so tremendously successful has it been that the king of the minstrels is said to have given up the spoken stage for good and all. "The Jazz Singer" is a wistful, beautiful story which portrays the eternal struggle between orthodox age and heterodox youth.

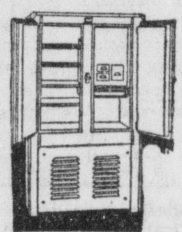

The direction of Alan Crosland has been masterly, the cast is a superb one—but it is Jolson (in vocal by the magic of Vitaphone) who lifts the play to heights of unbelievable pathos and sobbing mirth. Jolson's magnetic, volcanic, yearning, tender, agility of voice and body, it is, that moves audiences to exhibitions of emotion and approval rarely seen in the theater, to say nothing of the moving picture house.

WEST END THEATER

Neither the advance reviews of the publicity department nor the reviews of Los Angeles critics had fully prepared those who witnessed the first showing of "7th Heaven" at the West End, for the sheer beauty, fascinating interest and gripping heart appeal of this marvelous picture.

This story of the little street wail, Diane, and the Paris street cleaner, Chico, with their friends, the cab driver, the "rat," the street washer and the priest is a thing that will stick in your memory.

PRINCESS THEATER

The biggest things are the simplest. Not complexity of emotion, but its depth and truth mark real greatness. In the instance of "Ben Hur," the film opening at the Princess theater, love and revenge are the supreme motives. Revenge—to overthrow the Roman who destroyed the House of Hur; Love, an insatiable passion that makes its hero search the wide world over to find his lost mother and sister, and Love, the flowering of youth's emotions to his true mate, Esther! These are the keys to Ben-Hur's heart, and these are the elements of appeal that make his story so engrossing.

COHEN LACKS CONFIDENCE

All Andy Cohen needs, according to New York critics, to make good for the Glants this season is a lot of self-confidence that he will be able to hit and field in major league fashion.

MILITARISTS OF CHINA NEED GOLD

PEKING, April 10.—The North China militarists spent \$206,000,000 in gold during 1927 chiefly for the upkeep of their armies, and their budget for 1928 has been fixed at \$300,000,000 gold. Chang Tso-lin's financiers are wondering where this money is to be obtained.

To raise the necessary sum in 1927 every conceivable form of taxation was resorted to, with the result that Chinese trade and industry have been seriously hampered. It is estimated that 3000 shops, many of which had existed for generations, have been forced to close in Peking alone. Similar conditions prevail in Tientsin, Mukden, Tsingtao and other cities under control of the northern militarists.

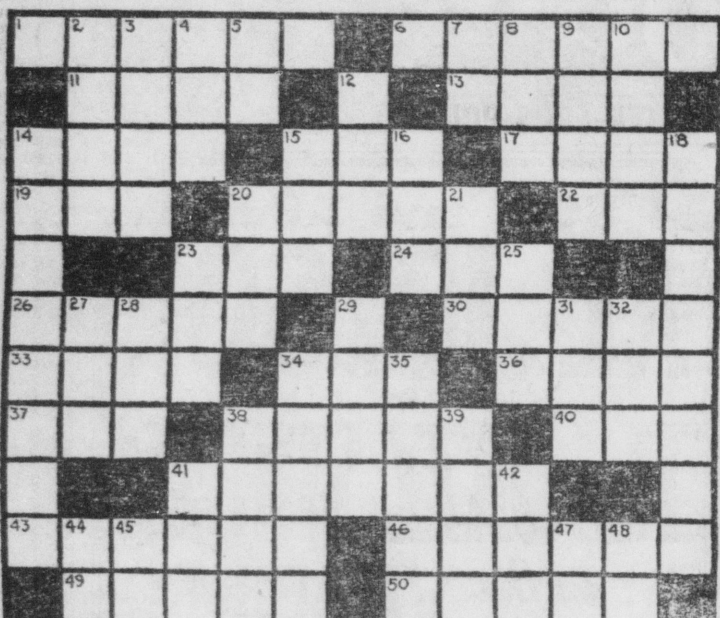

The Peking government has declared to pin great hopes upon the proposed settlement of the customs question with the Nanking government. The Chinese maritime customs, being still operated largely under foreign supervision, offers a steady income, but the southern factions have insisted upon taking most of the revenue raised in their territory, and the chief part of the customs revenue raised in northern provinces during 1927 went to the payment of foreign obligations.

If a settlement on the customs is made with Nanking, the Peking financiers believe they can compel the Chinese banks to advance large loans on the customs surplus, which will enable them to meet the most pressing expenses of their armies and the immense sums spent personally by Chang Tso-lin, his sons, and his subordinates.

RECKLESS DRIVER LOSES HIS LICENSE

A suspended jail sentence of 90 days, a fine of \$100, and the suspension of his operator's license for a period of six months, was the sentence meted out to C. P. Leach, Buena Park man, when he appeared in Justice Kenneth Morrison's court this morning on charges of reckless driving and speeding.

Leach was arrested by state traffic officers twice on Sunday. The first time he was given a ticket for speeding 35 miles an hour across an intersection. This was in the morning. In the afternoon another state officer arrested him for cutting in and reckless driving.

Fred Butler, Buena Park, companion of Leach at the time of the last arrest, who was charged with being drunk, was fined \$50 by Justice Morrison.

PLAN TO CONVERT RESERVOIR INTO ATHLETIC FIELD TAKEN UP WITH COUNCIL LAST NIGHT

Approximately 12 acres of land adjoining the Olive street reservoir may be purchased from J. W. Sackman for \$89,000, it was revealed by Ridley Smith at the meeting of the city council last night, when Smith and others discussed with the council the proposition of converting the reservoir site into a coliseum, athletic field and park.

The meeting also developed the fact that owners of homes close to the site will fight to prevent use of the reservoir by the night indoor baseball league.

Discussion of the project of creating the athletic field, coliseum and park was introduced by the reading of a suggested agreement between the city and the Santa Ana Night Baseball association under which the association would bear the expense of placing the "hole" in condition for use of the night baseball league.

Representing the Junior Chamber of Commerce, Bruce Switzer, president, declared the time is ripe for development in Santa Ana of a center where big gatherings could be held and where athletic events and pageants could be taken care of. He said the chamber committee headed by Smith was working on a program of acquiring the additional property and erection of a concrete grandstand. He pointed out that the depression in its present size would accommodate a stand that would seat 12,500 persons and that enlargement could be effected to seat 25,000.

Smith revealed that he had obtained a six months option on property to the north and west of the reservoir at \$89,000, the price being considered reasonable in view of the fact that a portion of the tract contains 13 lots said to be worth approximately \$2000 each.

J. W. Markel, representing the American Legion, said that his organization would support whatever project was deemed best for the city. Markel also appeared as chairman of the Orange County Builders Exchange committee. Warren K. McCarty, a member of a committee appointed by the exchange to investigate the proposal, voiced his personal objection to use the reservoir grounds by night baseball.

James O'Brien, spokesman for a large group of owners of property in the vicinity of the reservoir protested use of the grounds for night baseball, and declared his opinion that noises that would emanate from games played there would disturb the rest of quiet-loving people residing in "sleepy hollow."

Declaring it is time for Santa Ana to "get out of trousers and put on men's clothing," O'Brien suggested the erection of an auditorium on the property, a need he said that had existed in Santa Ana for years.

G. A. Gajek also voiced his opposition to the project. Otto Peterson also protested use of the site for night baseball.

At conclusion of the discussions, it was pointed out by Switzer that the junior chamber of commerce was not sponsoring the project as a field for night baseball and that the agreement under consideration by the council was not promoted by that organization. He declared that he had no personal knowledge that the proposed agreement had been drawn.

The council passed the matter over for one week, and will probably make a decision on the agreement and on the proposal for a larger arena and coliseum at its regular session Monday evening.

It was estimated that a special tax levy of 10 or 15 cents on the \$100 assessed valuation would provide funds with which to purchase the adjacent ground, erect a grand stand and equip the park and athletic field. A 10 cent levy would raise approximately \$190,000.
